7.0 REGIONALLY SIGNIFICANT PROJECT LIST

REGIONALLY SIGNIFICANT PROJECTS

As per the Memorandum of Agreement for Interagency Consultation Procedures for Development of the State SIP and Determination of Transportation Conformity pursuant to the Clean Air Act as amended, the MPO will engage in consultation with the participating agencies on their identified list of regionally significant projects through the process described in the Interagency MOA. As per the MOA, the MPO and the City will cooperatively identify regionally significant projects for inclusion in the regional emissions reduction and/or analysis and conformity determination reports on their LRP and TIP. AHTD will identify regionally significant projects outside the MPO study area for inclusion in the regional emissions analysis.

As per above, please refer to the following list of Regionally Significant Projects as determined for the 2040 MTP.
